

REMARKS

THE AMENDMENTS AND §112 REJECTION

Claims 71, 81 and 89 have been amended to read jet fuel composition. This addresses the examiner's rejection of these claims under 35 USC §112. In addition, the claims which depend from claims 71, 81 and 89 have been similarly amended so that they are consistent with the independent claims.

Claim 78 has been amended to delete jet fuel from the Markush group and the first appearance of "and" in that group has been deleted. This addresses the examiner's rejection of this claim under 35 USC §112.

Claims 85 and 95 have been amended to delete jet fuel from the Markush group. This addresses the examiner's rejection of these claims under 35 USC §112.

Claim 88 has been amended to replace the comma with the word "and." This addresses the examiner's rejection of this claim under 35 USC §112.

DOUBLE PATENTING

The examiner has rejected the pending claims under the judicially created doctrine of obviousness type double patent over pending applications 10/084,601; 10/084,237; 10/084,831; and 10/084,579.

Applicant submits herewith terminal disclaimers limiting the term of any patent which may issue from this application to the term of any patent which may issue from the recited applications. This obviates the examiner's rejection of the pending claims.
